

There is no need to remove the mirror from your car

Fitting Guide for Ford Fiesta MK8 Mirror Glass

Don't forget to wear PPE

1. Tilt the mirror glass sideways.

2. Gently lift the glass from the side until it pops off.

3. If required remove heating elements.

4. When fitting the new glass, reattach the heating elements (if needed) and line the glass up with the backing plate.

“click”

5. Press down firmly until it clicks.

6. Check the glass moves freely and that it isn't loose. Wipe the glass to get rid of any marks.
